2. A review was made of the recommendation made by the Assistant General Counsel and approved by the Director of Central Intelligence on October 28, 1949, and various pertinent features thereof were discussed. It was also brought out that there would be issued an Administrative Instruction under the signature of the Executive setting forth the Agency's basic policies which would be those covered by the Classification Act of 1949 with respect to General Schedule Grades 1 through 15 inclusive. Grades 16, 17 and 18 are not to be utilized by this Agency until and/or unless the Comptroller General of the U. S. indicates that it is permissible to do so.

N. B. Subsequent to the meeting held on 1 November 1949 referred to above, the Fiscal Division suggested that it would be advisable to avoid all of the work required to prepare Pay Change Slips in each case in connection with the conversion to the appropriate grades and rates of the 1949 Classification Act. In lieu of preparing Change Slips and furnishing an additional copy to the respective Personnel Offices, it was suggested that Inventory Control Sheets be prepared which could be used in the Payroll Division with an additional copy being furnished to the applicable Personnel Office for verification and assistance in the preparation of the applicable personnel actions. The suggestion presented by the Fiscal Division was concurred in by the necessary officials.
